

NEA Retired PAC report

At the September committee meeting a report on fundraising amounts was presented by Julie Horwin:

Annual Meeting

Live Auction: \$4055

Silent Auction: \$13,860 (Best amount ever)

Virtual Auction: \$15,179

Total Amount: \$33,094

During the September member, Julie Horwin and Barb Schramm walked the committee through the **GOVT NEA Retired Plan**

At the October meeting, the committee received an update from President Anita Gibson – The council met recently. All the activities for 2023-2024 were approved for 2024-2025. Five hundred red envelopes for the quilt were collected and a winner has been drawn. The winner of the quilt is Susan Ing from Hawaii.

Barb Schramm then asked how things were going in elections for various states. Reports from different states were given.

Barb's challenge for the November meeting is that everyone will give an update and a prediction on how their state will come out in the election. ie: Prediction from Harris/Walz 80% Trump/JD Vance 20%

Let's see how close we can come to figuring out the election.

Other news:

Goals for 2024-25 PAC Fundraising year.

Kari Coppersmith is still working on updating the records from the past year. Hopefully, it will be available for our November meeting.

Virtual Auction

Our summer auctions were very successful. There will be a November/December Virtual Auction. Start thinking about what can be donated for this auction.

Fundraising in your state

The proposed goal is for each state to go up 1-2 % per state. Another goal is to increase the monthly contributors.
